PROPOSAL – 100kW modular “solar-island” power plant

2.3.2020

Comparative project: <https://www.afrik21.africa/en/togo-authorities-inaugurate-kountoums-100-kw-solar-power-plant/>

EXECUTIVE SUMMARY

We propose to install 100kW modular “solar-island” power plants to supply independent power to remote communities throughout Africa. The system will be designed and configured in Germany and shipped direct to its destination, to be installed by our local partners, with:

- Power 100kW
- Area 500m²
- Central control and battery unit
- Local electrical grid connection
- Typical 3-6 months design and installation time
